SportStat® Discontinuation Notice

Effective immediately, Nonin's SportStat Fingertip Pulse Oximeter is no longer available for sale. Nonin's new *GO₂ Achieve* is an excellent, very affordable alternative to the SportStat for the Health and Wellness Market.

Nonin appreciates your past SportStat business and we look forward to continuing our partnership with the new *GO₂ Achieve*. The affordable *GO₂ Achieve* provides you with the knowledge of reliable oxygen saturation and pulse rate values without compromising the quality and accuracy that have made Nonin the most trusted name in fingertip pulse oximetry.

This innovative new device is ideal for the following applications:

Get Fit

The highly durable *GO₂ Achieve* fingertip oximeter is an ideal oxygen and pulse rate monitoring companion while you exercise.

Climb Higher

The accurate and durable *GO₂ Achieve* is the most dependable way to monitor for hypoxia associated with Acute Mountain Sickness.

Fly with Peace of Mind

For instant and reliable results, the *GO₂ Achieve* easily provides the necessary information for passengers and pilots to check for the onset of in-flight hypoxia.

For information about *GO₂ Achieve* please contact:
