

Product Alert: GO₂ Achieve device update.

Beginning end of December, 2017 Nonin Medical will be removing “Achieve” from the front of all GO₂ Achieve units. Indication will be made on the back of the device.

Reason behind the change

At Nonin we are increasing our parts efficiency by removing the “Achieve” pad print on the front cover of the Achieve – leaving GO₂ on the front for both Achieve and Rx GO₂.

How to tell the difference between the GO₂ Achieve and the Rx GO₂

The black backs of the devices will still differentiate between GO₂ and GO₂ Achieve – so customers will be able to tell the difference by looking at the back. *See Images Right

If you have any questions about these changes, please contact your Nonin sales representative.

Best regards,

Jayde King
