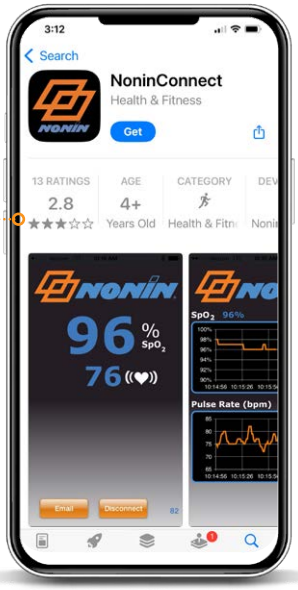
NoninConnect™ App Instructions

TruO2 OTC
Model 3250

How to download the NoninConnect App and pair with your device:

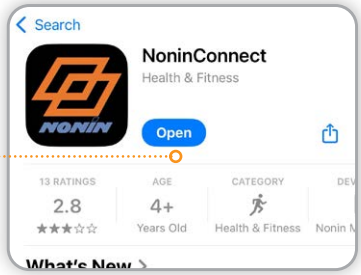


1 Go to the Apple® App Store and search for **"NoninConnect"**.

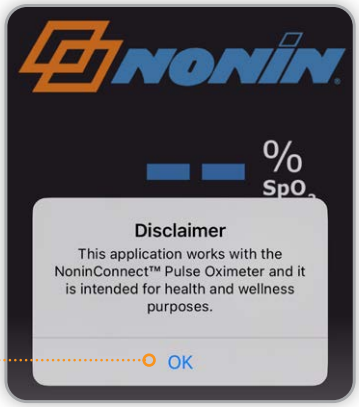
Click the "**Get**" button to download the NoninConnect app to your smartphone or tablet.

Download on the App Store

2 Open the NoninConnect app.



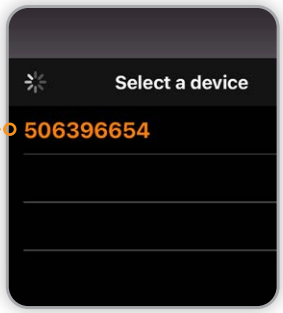
Allow the app to find Bluetooth devices and select **"OK"** on the disclaimer.



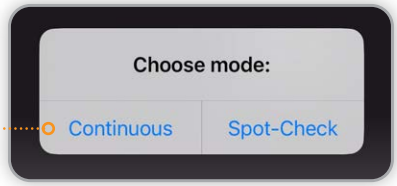
3 Ensure the device is turned on and your finger is placed all the way in the sensor.

4 Select your device based on the serial number that corresponds with your pulse oximeter.

Note: The app will remember previously paired devices, so make sure you are selecting the correct device.

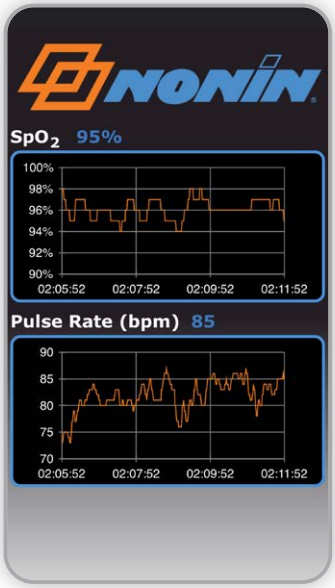


5 Select the "**Continuous**" mode for ongoing multiple measurements.

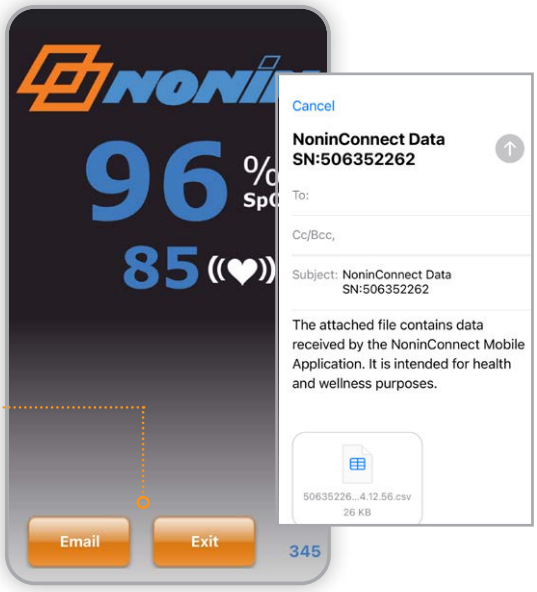


6 You should see a continuous display of measurements on both the device and the app.

Swipe left to see the measurement charts.



7 When finished with the test, **email** the raw measurement data or simply **exit** out and no data will be saved.



If you have questions about the NoninConnect App, please contact Nonin Medical Technical Service at ***nonin.com/technical-support/*** or at ***technicalservice@nonin.com***
